

# ACCMBC WORK TEAM OPPORTUNITY

Tentative dates, Aug. 20—Sept. 2

## Canaan Land Ministries Entre Rios Brazil Home Renovation Project

### NEW GOVERNMENT REGULATIONS REQUIRE CHANGES TO BE MADE IN THE HOME

CLM has been providing a home for abused and abandoned children of southern Brazil since 1978. The children are placed at CLM through the government, whose goal is to either return them to a repaired home or place them in a family (through foster care, adoption or with relatives) within six months to two years. This is also CLM's desire, however not always possible. The Brazilian Government no longer wants children to be placed in institutional type settings, so while at CLM the children are placed with a host family. Recently, the Government has added to this regulation that the families caring for the children, need to be in a detached building. Many of the families are already living in detached buildings, but some are living in the main building while the CLM main office is in a detached building. To comply with regulations, CLM needs to renovate the office for one of the families and move the office into the main building. (The bottom picture is the current office building that needs to be renovated into a home. The other pictures shown, are of the team from Kitchener in Aug. 2015, installing a hot water solar system, and other general repairs and painting)

### CONSTRUCTION VOLUNTEERS NEEDED

Volunteers are needed to help complete this work. We are looking for volunteers for a two week duration. If you have construction experience, Plumbing, Electrical, Painting, Carpentry or are just willing to help, please contact Bros. Dan Weinhardt or Rick Tomic (contact info on right) or the ACCMBC for more information.

### CONSTRUCTION FUNDS NEEDED

The construction costs for materials are very similar or even more expensive than North America and funds are greatly needed. We will be using local construction help for as much of the project as feasible, including help from the local church. Please consider supporting this work team in prayer and financially.

**Americans:** Donations through the ACCF should be marked CLM Renovation Project.

**Canadians:** Donations to the ACCMBC should be marked CLM Work Team 2017 and the ACCMBC will match donations up to a total of \$15,000.

### FOR MORE INFORMATION PLEASE CONTACT
