Little Hands Orphanage

(Mexico)

As this year comes to a close, we could not be more thankful for all that has taken place this year, and all the children we have been blessed to know (THROUGH EACH OF YOU)!

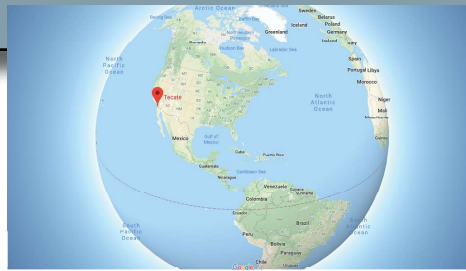

This past year brought many positive changes as far as the structure of the orphanage was concerned. Since the beginning, Daniel and Natasha Cervantes have been in both roles of Caregivers and Directors. As the stresses increase every year, with more paperwork being required and more diligence and attention being required for each child's file, performing these roles as individuals became impossible if the role of 4 needed to be done by only 2 people (especially considering they had anywhere from 6 to 13 children in their home at any given time).

Now, with the Lord's help and blessing, caregivers Rebecca Florica (from Harrow), and Jonathan and Carla Avila (husband and wife from Mexico) have been able to focus on their roles of caring directly for the children while Daniel and Natasha focus on the actual administration and running of the orphanage, making sure it runs smoothly and all caregivers are well rested and able to provide the proper care for each child. They can now also provide regular relief for each caregiver that they themselves never had on a regular basis since the beginning of operations. This has made a world of difference in how the orphanage runs as a whole.

Little Hands has now been home to 26 children since July of 2016, when the first 3 babies blessed us with their arrival. We currently have 11 DIF children (not including the children of the caregivers and directors).

We have been in contact with many of their families, some of which have also attested to the love of Christ that has been shared with them because of the orphanages' impact and teaching on the lives of their children. This has been wonderful to witness, and even more wonderful to see how God can take the seeds planted in the lives of these little ones and grow them beyond these doors.

We also had many visitors this past year, many who came to work and help with both construction projects and the children alike. The impact you have made on these little lives is beyond words, and, we thank each of you who have given of your time and resources. As a new

year approaches, we pray that by God's grace, we would be able to reach many more children, help many more come to know of the Christ that has set us free, and impress upon their hearts that no matter what life may bring their way, we will always have a Faithful Friend in Jesus.

We want to thank each of you who have donated to make this mission

possible. We hope that the Lord would grant us many years ahead, if it be His will, and that He would bless each of you who have been giving of yourselves to bless us and these children. If you have any desire to support us in the upcoming year, you can see a list

of needs below (and we pray that the Lord would move hearts to give!)

Current Needs:

- Increased monthly support (donations towards monthly budget)
- One additional large water storage tank and pump to increase water pressure - \$3,500 US

(continued)

- A roof over the kids' cement play area (so that there would at least be some shelter from the sun on the hot days) - \$5,000 US
- An additional storage garage- \$7,000 US
- Enclose Rebecca's laundry room/ make it completely water and mouse-proof - \$9,000 US
- Construction equipment (back-hoes, excavators, etc)
- A proper, secure fence lining the property, including an automatic door

- (the current fence is just chicken wire) - \$23,000 US
- The solar upgrade to include enough power for 2 more homes, plus one mini-split AC unit per house to cool one room (as indoor temperatures in the summer can be up to 120F inside the home)- \$25,000 US
- Eventually, construction for a new house- \$130,000 - \$150,000 US (once again, completely off grid, efficient house)

construction for a new house- \$130,000 - \$150,000 US (once again, completely off grid, efficient house)

Papua New Guinea

(South Pacific)

Greetings from Papua New Guinea.

We would like to express sincere thanks to all those that contributed to the relief efforts for the brethren in PNG that were affected by the 7.5 magnitude earthquake late February. The seven transport truckloads of rice that were distributed among our churches reminded our Brothers and Sisters so much about the love of God and that they have caring Brethren in North America and Australia. Many churches that we visited expressed their thankfulness in tears.

As we visited many churches and pastor houses that were affected by the earthquake, we could see that the emotional impact of the damage was many times the bigger thing for them to deal with than the actual amount of damage. Much of the damage was minor in our eyes, but there were

obviously some very major areas where complete church buildings were destroyed. Many areas had already braced their buildings and were already starting to rebuild by the time we visited in September.

Now, as we enter into the rebuilding stage, with funds that were raised in North America,

we have decided to help by paying for the lumber that they will cut for the church buildings and pastor houses with

the sawmill. We have also decided to purchase a Dyna truck (small transport truck), which they will pay back through a loan, and at the same time, they will be able to earn money making deliveries for others. The truck is also needed to

make deliveries of the lumber that they cut at the sawmill, as part of the rebuilding phase.

Up until now, we have been sending funds on a monthly basis to help with administration costs of the Church in PNG. With the funds that they will be able to generate with having this new truck, after a period of time we will no longer send monthly administration funds. We will, however, continue to assist with capital projects.

On behalf of Rex Epi (general secretary in the Nipa area), Albert Sowap (in the Hela region), and myself, we want to thank you so much for your love, prayers, and financial assistance for all the Brothers and Sisters in PNG.

Willie Ritzmann, ACCF Missionary Committee Member

Nepomuceno

(Brazil)

Dear Friends,

Greetings from sunny Brazil! As we reflect on the upcoming Thanksgiving holiday, we are reminded of all the reasons that we have to praise God and thank Him for His faithful provision and care for this ministry. For a while now, we have been praying for and needing more caretakers to not only fulfill the requirements of the Brazilian law, but also to simply provide better care for the children who have been entrusted to us. God has graciously answered our prayers and abundantly provided for our needs with a new couple,

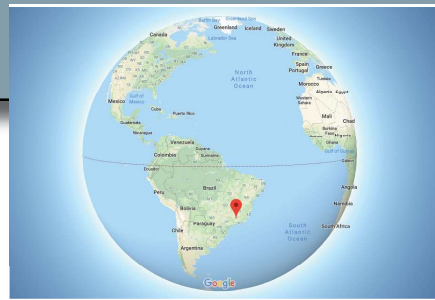

New workers- Sergio, Cleonice, (son-Daniel), Emily, and Gabriel

Sergio and Cleonice, and two new single workers, Gabriel and Emily. With a more well-rounded staff, we are now

able to shift our focus from simply caring for the basic needs of the boys, to caring for them with excellence and really being able to focus on and attend to each child's individual spiritual, emotional, and physical needs. We praise God for His provision of these new workers and pray for continued unity among our team and that by His grace, we can daily show these children the love of God through our actions and words.

We thank the Lord as well for the continued progress with our current construction projects. We have seen the benefits that the newly constructed walls around the home have brought in terms of safety, privacy, and creating more of a feeling of "home" for the boys. The newly constructed playground has also

been an incredible blessing to the boys and we are so grateful for this resource. Currently, construction is being done to turn

the old laundry room into small living spaces for our new

Kids on the new playground with a group of visitors from Lavras

workers. We expect these apartments to be completed within the next month and then work will begin on updating the older boys' bedrooms and fixing up the school room. We praise God for the provision of funds to be able to continue with these construction projects that will make for better living environments for our children and caretakers.

We, Helton and Katy, would like to personally thank you all for your prayers and support as we carry out the responsibilities of directing the home, boys, and team here at Familia Adonai. We ask for your continued prayers for wisdom and grace as we seek to honor the Lord in this work He has entrusted to us. We are expecting our first child in March and praise God that the all-

day "morning" sickness that Katy was experiencing has now passed, as she is in her second trimester. We ask for your prayers for a safe and healthy pregnancy.

Construction Projects

NEW PLAYGROUND!!

After three denials for a United States tourist visa, Helton applied for a Canadian tourist visa with the intent of visiting this year as he has yet to meet the majority of Katy's family and friends and it has been three years since she has been home. However, the Lord has other plans for us as Helton's visa to Canada was also denied. Katy will be making a quick trip home during Thanksgiving and early December and we ask for your prayers as we are apart and for safe travels. We ask for your continued prayers that one day, as the Lord wills, Helton will be granted a visa to the States. We would love to be able to come and visit not only family and friends, but also various churches across North America to share of the work here at the Nepomuceno Children's Home. In the meantime, thanks to a more complete team, we will be travelling to the churches here in Brazil over the next few months to share of the work and ministry here in Nepomuceno. We ask for your prayers for safety on these trips and that the hearts of the Brazilian church members will be moved to support this mission.

We praise God for His faithful provision for us, grace to face the daily challenges, and the blessings of caring for these boys He has entrusted

to us. We also would like to thank all of you for your continued prayers for this ministry and these boys. We praise God as well for your faithful financial support that enables us to continue in this work. May the Lord richly bless you!

In Him, Helton and Katy Brandão

"...if any man be a worshiper of God, and doeth his will, him he heareth." - John 9:31

Meet Adrian Acs

(Zambia)

I was born and raised in a Christian family, growing up in Hungary. I was attending church, but mostly because my parents told me to do so. When I finished high school, I was 19 years old and I decided to move to America and I lived in California for more than 6 years. I

did not have a personal relationship with Christ, and for the first 2-3 years I was just enjoying my young life. I always believed there was a God, but I was just trying to push that out of my mind. At the end of the third year, a friend of mine came for a visit

from Hungary. We spent a good time together (she was a believer from our church) and before she went home, she challenged me with a couple of words, which really stuck in my mind. "Do not forget to think about spiritual things!"

After that night, I got home and I decided to read from the Bible. I hadn't read the Bible in a long, long time, so I just opened it and I was amazed what I read. It was Luke 13: 6-9 The parable of the barren fig tree. It was clear to me that God had spoken personally to me through His Word. Because I had spent 3 years there without bearing any fruit, I realized that there is no more time to wait- just enjoying a meaningless life. That night I prayed to God, to give me another chance to bear some fruit.

Next Sunday, I went to church and started to counsel with one of the

Elders. From that point on, I started to have a personal relationship with Christ. It was amazing to experience His love toward me. I struggled a lot with my old sinful life, but by God's grace, I was able to overcome it. I had a lot of support from my friends,

family and the Church as well. I was baptized May 22, 2016 at ACC Vista church. It was the happiest day of my life!

A few months after my baptism, I met with Bro. Dennis Delic. He had given a presentation about Zambia and it touched me really deeply. That was the first time I heard about that ministry. I had always wondered about Africa, but I never had a real conviction until this point. After the presentation, I talked with Dennis

about my feelings. He liked the idea and he said, I will pray for you. From that night on, I was praying about going to Zambia almost every day. I felt clearly through prayers and the Word of God (the Bible), that Zambia was the place where I should go long-term (years). But I wasn't able to make

a decision, because I had to give up everything from my lifestyle. A couple of weeks later, I started to have a really difficult life: I had problems with finances, school, and family. Because of all this, I had depression and I really didn't see any good in my life. Throughout this difficult time, I felt I couldn't do anything on my own. I

I know, this is the place where I should be and it is really a privilege to serve God here.

realized that I needed Christ every minute in my life, so I started to read the Bible every day- at least two times. And I prayed a lot more than before.

At this time I was really experiencing what God is able to do and my faith and trust in him has been growing. God showed me that there is nothing more important than His love and to serve Him. Because of this experience, I made a promise to God, I will do whatever he wants me to do, because I knew Christ would give me strength! I called Dennis and I told him I made a final decision, I would like to move to Zambia! Meanwhile, my friend and I began to raise funds.

I had several conversations with Bro. Dennis and we prayed together. I also shared my desire with the Elders of Vista Church. The Church was really supportive, and the Elders as well. I bought my ticket, sold everything I had in California, and I moved here to Zambia.

Now I know, this is the place where I should be and it is really a privilege to serve God here.

Adrian Acs

adrianacs92@gmail.com

Paraguay

(South America)

Hello everyone! It is my prayer that this letter finds you well. We wanted to write to you today to provide some insight into this past year at Escuela de Vida. It's been a big one, however, I will try to do it justice, as best I can. At the beginning of this year, we started off with a humble 20 children, and now it is our pleasure to tell you we've been able to reach 35. We've almost doubled in size, and we're not done yet! This past year has been full of moments of triumph and moments of sorrow, but God has been with us through all of it.

All over the world, in different tongues, cultures, family structures, and races there are hearts breaking. I'm sure we can all take a moment and think back to times, or valleys rather, where we felt so broken that we were beyond repair. The children here are no different. They are just as in need of a saving grace as you and I were in those moments of great sorrow. It isn't Escuela de Vida that changes or remedies hearts. It's the God who reigns over this mission and all of the people inside of it. We've been honored to be used by God to testify of His love to some of his youngest and most vulnerable souls. We've been able to stand by these children in their silly, happy moments and more importantly, we've had the honor of holding their hands through the hard times. It's inspiring to see these kids asking questions, building relationships and many even coming to worship and attend church with us.

and God has given us the opportunity to do that and more. We've been able to meet and talk with parents, siblings and so many more in the community around us. I suppose it's a good thing God has such bigger and better plans than we could even think of ourselves. (Jer. 29:11)

This year, we also had the

pleasure of receiving our very first short-term missionary, Sarah Nold, from our Norton, Ohio

Church. She arrived here September 1st and will be helping serve with us through January 11th. (She's actually writing this right now- Hi everyone!) I've loved my time spent here learning and serving alongside such amazing people. It's definitely been very eye-opening and a great opportunity for me to learn more about God from a completely different perspective. This year we're having a kids camp and would love any help we can get! It will be from January 6th-13th. If you're

interested, you can contact Hadassa at: hadassadurante1995@gmail.com We would love to have you!

This past year has been so full. As I'm writing this to you, it's hard not to look back and think of all the inside jokes, laughter, aha moments, and God moments that have occurred this year.

It's left us all wondering "Where has the time gone?". It feels like just last week we were setting off on this new adventure, walking down this road not knowing what we'd find. Secretly, my heart wishes it didn't have to end, but, hey, we still have some time left. I guess we'll just have to live in these present few moments and trust God to bring us into new life-changing ones. Thank you all for your time and effort put into helping to strengthen this mission. May God bless you!

In Him, Sarah Nold
for The Paraguay Mission Team

Oscar and Karen: oscaren@tigo.com.py

Canaan Land Ministries

(Brazil)

Dear Brothers and Sisters,

We would like to thank the Lord and you for your continued investment in the ministry of CLM through prayer and financial support. May God continue to bless you as you serve and give to His work.

but due to inflation since the time of the estimates, there will be some items that will not be covered by the grant funds.

Work Team from the U.S. and Canada

On August 18th, two families came to bless CLM (below), helping with projects and interacting with the kids and staff. Dan and Lydia Weinhardt from Kitchener, Ontario, Canada were

accompanied by their 3 children, Andrew, Rachel, and Mikayla. Thad and Betty Lumsden from Wooster, Ohio, were accompanied by their 2 sons, Caleb and Micah. They were involved in 3 main projects: 1) Helping with the construction of the 4th family group house that is being built. This included

helping with things such as putting in electrical boxes and conduits, plumbing, and stuccoing of the interior walls; 2) Building a creative

wooden playground for the children; 3) Sanding and painting the metal guard rails around the balconies. Our missionaries and older boys had the opportunity to work alongside of them. In their spare time, the team played volleyball and other games with the kids and did crafts. Rainy nights around the fireplace with "S'mores" and hot dogs, playing guitar, playing UNO, and making bracelets, all

contributed to memory making. Their example of families that work and minister together was of

tremendous value to all. We were richly blessed.

Pregnancies and Babies

Leonardo and Gracielly are expecting their first child. They are our newest missionaries, having been married about a year. We ask for prayers for Gracielly. Her pregnancy is considered high risk because she has had high blood pressure since she was 7 years old.

Our psychologist, **Altair** and his wife, **Fernanda** rejoiced with the birth of their first child, Arthur, on September 3rd. Mother and baby are doing well, as is the very proud father.

Staff Changes

Szandra (right) arrived on Thursday, the 27th of September, tired but excited to be back at CLM. Szandra is

doing quite well with Portuguese, which she studied while she was back in Hungary. She is a very enthusiastic and talented lady. It is a joy to have her serving with us for the next 6 months.

It is always difficult to face changes of personnel in ministry situations. However, it happens. It was necessary to say goodbye to **Raphael and**

Construction and Remodeling Projects

To comply with that which the state government is asking of us, in response to their approval of our family group system, we needed one more separate house. They were very patient with us and also very pleased when we received approval and funding from the United States and Canada to begin building at the end of July. It has moved along quite well and we are extremely happy with the outcome. We believe that it is the model for any future housing needed for a new family group. It is to be finished about the middle of November, with plans for the move of Leonardo and Gracielly's family group to take place before Christmas.

We also have the remodeling of the new office underway, to be completed within the next few weeks as well. This project was funded mostly by a grant from the state legislature,

Dina, caregivers to the teenage girls. Please pray for them as God leads and orients them in this, once again, new phase of their lives. We are thankful to have Wal and Szandra to take care of the girls until God sends us more caregivers.

Celia also has notified us that she is interested in leaving CLM when we are able to find a caregiver/missionary couple to cover the days off of the other missionaries. Her decision is based on some serious health issues, including heart problems. The kids love and respect her and don't mind going to her house when their caregivers are gone.

Also, **Sergeant Nilson** has resigned from the CLM Board, after holding the position of Vice-President for the last 3 years. We trust that he will still be involved with CLM, even though he is not in a decision-making role.

Surgeries

Leticia (above) had surgery on one eye in September. She is recovering very well and is experiencing no pain. The eye does look a lot straighter. She is

very pleased that she was able to have it done.

In 2014, **lasmin** was put on the list to have her tonsils and adenoids removed through the public health system. Her caregiver had rechecked several times to be sure her name was still on the waiting list. Finally, at the end of 2018, she has been called to do the exams necessary to have the surgery done. Most likely, the actual surgery will not happen until next year. Thankfully, although necessary, it was not an emergency.

Cristiano (caregiver) has been on the list for repair of 4 slipped disks in his lower back for about a year. Due to many limitations, discomfort, and at times intense pain, his situation is much more urgent. He was told that his name was coming up on the list and that his surgery would possibly be scheduled for the end of October. Anxious for it to happen, he was informed that the doctor is no longer performing 4 surgeries per week through the government health system. He is now only doing one surgery per week. That bumps Cristiano to next year some time. Please be praying for his healing before then.

Special prayer for our financial situation

We would like to ask for your prayers

for the financial situation of CLM. It is always a challenge to meet all the needs and to set the priorities for such a ministry. The transfers from North America have been taking much longer to enter CLM's bank account than in the past. We also depend very much on Federal and State grants. These funds too, are often released for use long after the grant has been approved. **Please pray that God can help us to constantly focus on Him, knowing that His timing is perfect and He will provide.**

Trusting His providence, The CLM Team

Caregivers: Celia, Susana & Gerson, Thais & Cristiano, Leonardo & Gracielly

Teacher and Substitute Caregivers: Wal, Szandra

ACCF PURPOSES: Evangelization, visitation, service, education and publications, church buildings, representation, committees, and aid.

ACCF VISION: The Apostolic Christian Church Foundation serves the needs of our members and churches in North America and around the world, and assists in their efforts to spread the gospel of Jesus Christ.

ACCF MISSION: To provide information, programs, financial resources and other services to our churches in North America and missionary projects around the world for the purpose of spreading the gospel of Jesus Christ and the salvation of lost souls.

Zambia Harmony School

(Africa)

I'm pretty sure that I've mentioned that life for the kiddos on this side of the globe is not easy, right? At Christmas time, I get this overwhelming feeling. A feeling that wants to see the kids at LHS having a great time. Just one day where I can see them squeal with glee, throw their heads back and laugh, and just have a fun day. I mean, when we lived in Canada, we would go out of our way, at school and in our families, to have spirit days, fun days, crafts at Christmas, etc. Now, I know that together we're working toward a better future for these kids (what with providing daily meals, education, medical care and so on), so I don't want to sound ungrateful....but shouldn't a poor kid have an opportunity to have fun? We at LHS, have a favor to ask, if we may be so bold. We want to change things up a bit this Christmas at Lifesong Harmony School, and we need your help. We want to list a number of ideas and see if we can

make it happen. A sort of a Christmas wish list, if you will. So, let me dive right in and see if I can get you on-board with an idea or two.

1. We would like to have a meal. A proper Christmas meal. We would like to have rice....a luxury they don't often partake of, chicken, beef, fish, potatoes and maybe even a.....cake???
2. We would like to prepare kits for each girl from Grade 4 and up. The kit would include a re-usable sanitary napkin (the pad is made out of cotton and

kitenge - a typical African fabric). We would also like to include some undergarments and perhaps a roll-on deodorant.

3. For the upper level boys we thought to provide some undergarments - the teachers have been noticing that many go without.
4. We would also like to put on a Christmas play..... to use this opportunity to spread the good news about Jesus....since He is the reason for the season.

(In an effort to contribute to this idea, the teachers and I are going to have a bake sale in November, to raise awareness with the locals.)

Having said that, if you would like to join me in bringing some cheer into the lives of these dear children, then please pray for these children, pray for us, and if so moved, donate through the ACCF or ACCMBC with a memo "Christmastime", and they will forward it to us promptly.

So, with all the talk of Christmas, I want to take this opportunity, on behalf of Lifesong for Orphans Canada, to wish you and yours a very Merry Christmas. May Jesus fill your hearts and minds with the peace and joy that comes from knowing Him intimately. Like the prophet Jeremiah says, *".....your words became to me a joy and the delight of my heart, for I am called by your name, O Lord, God of Hosts."*

Dennis Delic: dennis.delic@lifesongfororphans.org

Adrian Acs: adrianacs92@gmail.com

just for thought...

As yet another year passes behind us, it seems appropriate to reflect on the Lord's work in us, around us and through us.

I'm aware (all too vividly) that the enemy of our souls has been able to claim some minor victories: some who have succumbed to sin, some who have resisted God's call to work in His Vineyard, some who have stood as opposition to God's work and some who insist on continuing in rebellion to His call to even accept the Sacrifice for their sin.

How about you? Have you experienced failure manifested as uncertainty or doubt, fear or anxiety, confidence in the world instead of confidence in God, or maybe positioning yourself in stark contrast to the work the Lord wants accomplished? Have you been hoarding, misusing or even abusing the financial resources He has entrusted to you? Have you been unforgiving, uncaring, unloving, or uncommitted? It is not too late to repent, seek forgiveness from your Brothers or Sisters (as necessary) and submit to the Lord's heart, His will and His way.

I hope instead, that you have been walking in the abundant

life, celebrating the Lord's great successes in your heart, in your life and in the hearts and lives of those around you. Or maybe He has chosen to bless someone through you. Have you seen the mighty hand of the Lord moving and impacting hearts? Do you see reason to rejoice in the Lord?

It's not about the issues or challenges of life. They are merely tests to see if we will choose to walk by faith or by sight, and whether we will be thankful in every circumstance or grumble and complain.

It is, will be, and always has been about our Heavenly Father and the Lamb sent to redeem us.

God is still working- in big ways, in little ways and many times outside of our vision and understanding. He wants to involve His children in His work, but He won't force you.

What will you allow him to do in you and through you in 2019?

Many of us are praying for you.

Thad

New or existing opportunities overseas?
New opportunities domestically?

Pray with your Elder/Minister about it and then
Contact Thad Lumsden
thad.lumsden@gmail.com

One man esteemeth one day above another: another esteemeth every day alike. Let every man be fully persuaded in his own mind. He that regardeth the day, regardeth it unto the Lord; and he that regardeth not the day, to the Lord he doth not regard it. He that eateth, eateth to the Lord, for he giveth God thanks; and he that eateth not, to the Lord he eateth not, and giveth God thanks. - Romans 14:5, 6

If you and your family are "persuaded in your own mind" to celebrate the coming to earth of our Messiah (aka Christmas), may you have a blessed time rejoicing in Him and His generous, lavish love.
