(Brazil)

Dear Friends,

It is hard to believe that seven months have come and gone since our quarantine began, and there is still no end in sight. Schools closed on March 16th, and all along we heard that classes would resume in September. September came and went and the schools remain closed. It is now looking like in-person learning will only return at the beginning of next year. The boys continue to study every day and do their online classes with Helton's help. They are learning, but it is not the same, and even they admit that they miss going to school.

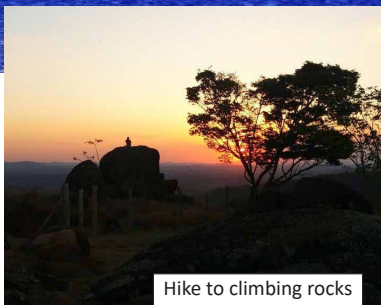

The boys have also not been to church since the start of the pandemic. However, we continue to do both morning and evening devotions with them every day. One benefit to being quarantined is that we are able to spend even more time with them, studying God's Word and drawing closer to one another. The boys are currently participating in a Bible contest about the book of Daniel, which they are very excited about. It is gratifying to see their knowledge of the Bible. We pray that these seeds will continue to take root in their hearts, and they will surrender to the Lord's working in their lives.

The boys remain without visitors as well. Seven months without anyone being allowed into the home has been challenging for the boys. Thankfully, our staff has been good about taking the boys on outings to the local climbing rocks, soccer field, etc., just so they can get out of this environment.

João Lincon with his wife, Mirtes

to this ministry. João Lincon was raised here, came back to work as a counselor when he was a young adult, and then worked as the gardener and maintenance man for the past 30+ years. João had been temporarily suspended from all duties during the past few months since he is in the "at risk" group; however, he has now decided to officially retire. João leaves behind a great legacy here at the home and we are grateful for his many years of service to God, in this ministry.

Hike to climbing rocks to watch sunset

Hike with the boys

The holiday season is fast approaching and Christmas will be here soon. With that in mind, we would like to encourage you to send Christmas cards to our boys. They so look forward to this tradition every year, and it is a special gift just for them.

This is a great activity to do with Sunday School classes or with your family! Here are a list of things you could possibly include in the cards: photos of you/your family, stickers, gum, hot chocolate packets, juice packets, candy, dollar bills, coins, etc.

Here are some phrases that you can use in your cards:

Jesus love you— Jesus te ama  
Merry Christmas— Feliz Natal  
Happy New Year— Feliz Ano Novo  
I'm praying for you/We're praying for you— Eu estou orando por você/Nós estamos orando por você  
Bible Verses- (translated through Bible Gateway)

The address of the home is:

Familia Adonai  
Caixa Postal 4  
Nepomuceno, MG  
Brazil 37250-000

Our boys names are: João Marcos (11), Paulo (12), Alisson (12), Davi (13), Pedro (13), Ronan (15), Ezequiel (17), and Miro (61), and our workers' child: Davi (10). Our After School Program kids' names are: Gabriel (10), Mateus (10), Riquelme (11), Wagner (11), Gleison (13), Marcos Vinicius (13), and Alifer (14). Due to the pandemic, our after school program had to be temporarily suspended; however, we are still in contact with these kids. Feel free to send to just our boys or to our boys and the after school program children as well. We appreciate you remembering our children in this way and blessing them with this simple gesture of love!

We thank you for your faithful financial contributions which help in the daily care of the children the Lord has entrusted to us. We also need and appreciate your continued prayer support. Thank you for partnering with us in these ways!

In Him, Helton and Katy Brandão

Paulo with Christmas cards last year

# Paraguay

(South America)

Friends and Family,  
Praise Reports!

Thank you so much for your prayers and encouragement during 2020. During such different circumstances worldwide, we were able to focus on family, the church family, and how to keep sharing, caring and spreading God's word.

Our emphasis this year was on our spiritual identity.

Each week, we studied who we are in Christ according to the scriptures: a child of God, a new creature, loved, chosen, justified and righteous, a minister of God, free from condemnation, a conqueror, etc.

For a while, it became difficult when we all became quarantined, but we grabbed what was available through social media, zoom, and online streaming to continue pouring Biblical truths into everyone interested. Through these isolated times, we grew in faith and strength. Our zoom groups and small groups were stronger and waiting for restrictions to be lifted.

Some of our families who have kids and teens live on the other side of town. After prayer and some quick decisions, we started four small groups in "grandma's" house. All of a sudden, we had a group of kids under six, a boy's group, a teen girl's group and a group of adults. Now we are wondering about church planting there.

Financial needs!

- We always need Bibles, especially in our small groups. We are in contact with many new people all of the time and especially during these different kinds of days.
- There is still construction to finish for our children's classrooms. We trust God's timing is perfect timing.

We are thankful for your support and donations. Thanks for supporting God's work in Paraguay.

Oscar and Karen

## School of Life:

If we look back through this year, maybe we could find a lot of reasons to be disappointed, but somehow God always has a way to surprise us with his faithfulness and goodness. As the coordinator of the social project, "Escuela de Vida", I was very sad that we had to cancel the classes, and for a moment I thought there was no way for us to keep ministering to kids during this time. But instead of giving up, we decided to take a new direction and act in faith. That's when we started the kids' life groups, where we divided our kids in small groups of 10 kids and met with them once a

week, to speak life to them, give them a chance to have fun, but also take time to worship and minister to them. Today, we have 49 kids faithfully participating in the life groups and we have seen how God is still working in their hearts. They are sure of who they are in Christ and they know that even when they face hard times like this, they have a good Father that

never leaves them. Our goal is to have a family event by the end of November in each lifegroup, inviting the parents to come and participate in one meeting so they can also have the chance to hear the Word of God and be saved.

Lifegroups are also our strength with youth groups. For almost 5 months, we could only come together with 20 people per service, and the way we could continue to be connected with everyone was by meeting in our small groups once a week. Now that we can finally meet with over 50 people, we celebrate the fact that we stayed strong as a group, even if we couldn't meet all at once. Meeting in small groups is not a new thing. We see in the Bible that the Church of Acts also met house to house and that's how they grew as a Christian family. The work of God will not be limited by the struggles we are facing, but we will come out of this crisis stronger and more fruitful as a Church.

Gabriel and Hadassah

Oscar and Karen: [oscaren@tigo.com.py](mailto:oscaren@tigo.com.py)  
Gabriel: [gabecaballero116@gmail.com](mailto:gabecaballero116@gmail.com)  
Hadassa: [hadassadurante1995@gmail.com](mailto:hadassadurante1995@gmail.com)

Pictures of our small groups in San Jorge. Since many of them couldn't come to church (when we were allowed to have 20 people present), we took "church" to them!

# Little Hands Orphanage

(Mexico)

Little Hands is excited to announce the next phase of growth, as plans for a third home on the property are being put together. The Lord truly provides above and beyond what can be asked or imagined. He has placed in the hearts of a couple

to also join us as relief caregivers as this project moves forward. This is a huge answer to prayer, as we are always looking for willing hearts to minister directly to the needs of these children. May the Lord continue to guide and order the next steps taken as this mission grows, and may He alone continue to help it thrive.

We have been so thankful for the children we currently have, and we have been blessed to see the small seeds that have been planted in their hearts begin to grow. Recently, one of our little 6 year old girls was talking on the

phone to her biological father, as they will sometimes do during the course of the month. During this conversation, she started crying as she shared with him what Jesus had done to redeem humankind. She shared the Gospel story with him, and with tears in her eyes, exclaimed "He had nails in His hands... for us!" Please, continue to keep this mission in prayer. We covet the prayers of each Brother and Sister, and are so blessed when these prayers are answered. We are a small family that needs so much covering in the spiritual realm.

May our Father continue to:

- Grant wisdom and strength to the caregivers and administrators alike, in keeping the mission running in a healthy way.

- Bless the laborers with good, working relationships, and a central focus on Christ at all times, despite differences in personalities and opinions.

- Bless the caregivers with the energy, drive, focus, and renewed love for the children each and every day... and precious moments like the story above which can encourage them along their way.

- Continue to grow a love for Jesus in the hearts of these children.

- Help the children to be loving, obedient, and kind.

- Bless the home-schooling efforts of the caregivers and children.

- Guide each step as a new house is in the works, and grant wisdom to everyone involved in the decision-making processes.

- Lead hearts to minister to these children, and encourage those who have been led, to press forward with God's calling.

We can attest, many times when we are weak, we can feel the prayers of those we love... and this is often what lifts us up. We thank the Lord and each of you for your continued love and covering of prayer over this ministry.

In Christ, The Little Hands Family

*"He had nails in  
His hands...  
for us!"*

# ACCF Endowment Fund

## Allow your giving to accomplish more

The purpose of the Endowment Fund is to hold and manage donated assets, gifted for the long-term benefit of the Apostolic Christian Church Foundation, for international mission activities and domestic local Church outreach. It was established to earn additional funding for the Foundation's various programs by maintaining the principal, while using the dividends and interest generated from this fund for those programs.

The fund, from its inception, has given the Foundation an additional \$564,000 through 2019.

"Every man according as he purposeth in his heart, so let him give; not grudgingly, or of necessity: for God loveth a cheerful giver."  
- 2 Corinthians 9:7

## How can this benefit you and the Kingdom?

- It provides the possible generation of an ongoing income stream (well beyond the initial gift), thus providing support for God's work until Christ returns.
- It provides the administration of gifted funds, where the realized income could be used to benefit named individuals or charitable beneficiaries, with the funds ultimately going for God's work.
- It provides the ACC Foundation Trustees the opportunity to use the income of the Endowment Fund for ongoing projects, special needs or specified projects.

Giving to the Endowment Fund provides an opportunity to give today, yet offers an income stream for life, for the

ministries of the Foundation. The Endowment Fund can even provide an opportunity to those wishing to make a donation using advanced gifting techniques:

- Cash
- Life Insurance Policy
- Investment Asset: Stocks, Bonds, Real Estate
- Wills
- Charitable Remainder Trusts
- Charitable Gift Annuities
- Declining Balance Donation

Allow God to use your gift today, to benefit others for years to come.

For additional information, contact

Bro. Jimmy Hodges  
Chairman, ACCF Endowment Committee  
804-222-1943 or [hodges\\_j@aol.com](mailto:hodges_j@aol.com)

*Information contained herein should not be relied on for making tax decisions. It is only intended to provide ideas that may help you understand that there are numerous alternatives for giving.*

*Please consult a tax advisor prior to attempting to implement any of the techniques mentioned to best understand the tax impact on your particular situation.*

*As we have therefore opportunity, let us do good unto all men, especially unto them who are of the household of faith. - Galatians 6:10*

# Green Olive Tree Ministries

(Brazil)

Greetings from GREEN OLIVE TREE MINISTRIES

The foretold transition has happened. Brent and Debbie have fully moved from day-to-day directors and staff of the ministries in Gravata, Pernambuco, Brazil, to virtual counselors based in Johnstown, Pennsylvania.

Brent arrived to the Freemans' new home state of Pennsylvania on September 24, met at the airport by the joyful family members already residing in PA - Debbie, Elizabeth, Karah, Larissa and Kauan. The past five weeks have been full of reconstructing life for Brent on US ground; establishing residency and learning to say "dollars" instead of "Reais", answering strangers in English instead of Portuguese, and for the first time in married life asking Debbie if he can use the bank card and car! Debbie is learning to say, "we need to ask your Dad first", and has moved from the head of the eating table to the side.

Bia- Master Breadmaker

Meanwhile in Brazil, the leadership team is learning the intimate ropes of dealing with the day-to-day issues of caring for extra family members while continuing with the responsibilities of their own family living,

along with work and ministry. Our sons, of course, are experimenting with trying out new, independent wings- some trials successful and some disappointing, but hopefully all leading to growth and increased maturity. Bia, our daughter with special needs, is having some struggles with her new environment. Consistency and time should bring peace, eventually. We appreciate your prayers for each of our left-behind sons and daughter and their care givers.

Dido and Sara have taken responsibility for the hands-on care of our family, as well as their labors with the maintenance of the property. They expressed a bit of anxiety in the first weeks of doing it alone, but seem to be adjusting now. They are busy feeding and working alongside our family members, keeping up with dentist and doctor appointments, and overseeing daily medications. They ask prayer for the strength and wisdom to do these tasks.

Daniel, the new director and president of the mission, and Evaneides, his wife, have announced that Eliza will be a big sister in April. They are feeling a bit hampered by the discomforts associated with the beginning stages of a forming new life. They have not yet moved to the mission property, but Daniel commutes there daily. He assures us that the Lord is caring for all.

We have two other expectant mothers in our church group. A new wave is beginning at GOTM!

The team has also learned of, and been in contact with, a mother on drugs, who is not able to care for her four month old infant. Her three other children have already been taken from the home. Prayer is requested for the God-led response to this need. It would seem that the Lord is reminding GOTM of its root ministry, and that the need continues. He has provided a new set of younger blood to again respond.

Because of the intensity of the adjustments to Brent's leaving, the October and November outreach events on the GOTM calendar were cancelled. The next scheduled outreach event will be the Community Christmas Celebration, held every December to help our unchurched neighbors understand what the birth of Jesus has to do with their lives today.

Here in Pennsylvania we are heading into the darker days of winter rain and snow, while in Brazil the rainy season has ended and the sun will intensely shine spreading its heat almost everyday. There are many contrasts between these two dwelling places, but the constant factor is the sovereignty of God in each of our lives, and His unending love and faithfulness to those who are His. As we seek Him, and only Him, for our moments and days and years, we can always rest assured that no matter what our present daily circumstances look like, the purposes of our Lord are being worked out according to His sovereign plan. May we have eyes to see beyond this moment.

In Christ's love,

Brent and Debbie and the GOTM team  
[olivetre24@gmail.com](mailto:olivetre24@gmail.com)

## Let's Get Connected

The Foundation uses a record keeping solution called Realm. Unlike social media or our website, Realm is a closed software package relevant to your participation with the Foundation. Everyone gets a unique profile. Your profile enables you to be a part of a group, track your giving, add one-time and recurring donations, update your contact information, change family details, set notification preferences, or even add a profile picture. By keeping this information current, you are helping our staff and your group leaders.

### How to Create an Account

1. Send us an email with your name, address, phone number and birth date, requesting an account.
2. Look for your emailed invitation to join Realm.
3. Click the link in the invitation you receive to create a Realm password.
4. You will then receive a verification email with a link that you need to click on to verify your account.
5. Confirm your birth date or phone number on the web page that opens from that link.

You can access your account from your computer or mobile device using the following web browsers: Chrome, Firefox, Microsoft Edge or Safari. There is also another way to access your account, and that is by using the [Realm Connect App](#), available on iPhone and Android. Here is a link to a video that also explains how to set up an account. <https://wiki.acstechnologies.com/display/TL/Sign+up+for+Realm+Closed+Model>

### Manage Your Giving

Review your giving history or make new donations on-line or on your mobile phone. Simply sign in to look over your year-to-date giving, print a contribution statement, or make a new one-time or recurring donation. It's always available and kept secure in an easy-to-use on-line environment. Your giving is only viewable by you and the ACCF financial office. It is not visible to any group leaders, any groups, or anyone else.

### Ways to Give

No matter how you choose to give to our ministry, you can review all your giving history on-line, anytime.

- Check or Cash
- Online Gifts (one-time or recurring)
- Text Giving (ask us how)

## Let's Stay Connected

- Stay connected to the Foundation wherever you go by downloading the free [Realm Connect App](#) TODAY.
- After downloading the app, sign-in using your email and the same password you set up from the Realm email link.
- Use the app to communicate with your group, manage your giving, update profile information and more.

We're excited about what's happening at the ACC Foundation.

Thank you for taking a few moments to try out Realm.

### GET THE MOBILE APP

*For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind. - 2 Timothy 1:7*

From Genesis through Revelation, a common theme has been communicated to man: FEAR NOT!

It is clear that man has a problem.

As I continue to age (and hopefully mature), I am increasingly seeing that God has been trying to change our perspective from one that the world has developed and encourages, to one that is focused on the next life and the One enabling us to get there.

If all we "see" is the issue, concern, conflict, trial, frustration or challenge before us, then we aren't seeing the Truth. We are seeing the visible, and missing the invisible. We are allowing the cares of this world to disrupt the God of the universe-whom you call Father.

This lesson was imprinted on my heart even more when I heard a song on a Southern Gospel station elucidating this message: don't tell God how big your mountain is, "tell

the mountain just how big your God is!"

Brothers and Sisters, this world is all about fear-news stations, Covid-19, masks, riots and protests, earthquakes, politics, etc. The enemy of your souls is seemingly using every tool in his toolbox

to break our concentration/focus on the Author and Finisher of our faith-making the crisis before us seem huge.

Fear itself is not sin, but remaining in it is! It shows a lack of confidence in our Father, a lack of trust in His sovereignty, a mistaken perception that I can solve the problem myself.

But do not forget Who your Heavenly Father is! From Psalm 91: He is the Almighty, my refuge, my fortress, my God, my deliverer, my cover, shield and buckler, refuge and habitation, protector from plague, my salvation.

*Psalm 23:4 Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me.*

There are many scary things in this world. But our Lord God is above, beyond, before and after everything. This frightful place is like a "haunted house" at an amusement park. You may bump into a few things and be startled

once in a while, but eventually, you leave it all behind you. It was all silliness. Laughable.

That is life today. The issues which seem to consume and dissuade us are not the things we need to be concerned about. We should be very concerned that our children may not be ready to meet the Lord. We should care that our co-worker resists the truth of Jesus. We should be very concerned that our Brother or Sister in Christ are not properly reflecting the heart and values of our Lord.

That which matters most in this life, is the next life. Invest wisely.

*If then you were raised with Christ, seek those things which are above, where Christ is, sitting at the right hand of God. Set your mind on things above, not on things on the earth. For you died, and your life is hidden with Christ in God.*

*- Colossians 3:1-3*

*For our citizenship is in heaven, from which we also eagerly wait for the Savior, the Lord Jesus Christ*

*- Philippians 3:20*

## HOW ZAMBIA IS COPING WITH COVID - UP CLOSE AND PERSONAL

After arriving in Zambia, we now have a clearer picture as to how this pandemic is affecting the lives of the Zambians. Many who have lost their jobs are resorting to begging on the streets, teen pregnancies are on the rise, and more and more children are living on the streets.

It's been said that times of crisis usually result in shortages. That certainly rings true in Zambia where fuel and food have become scarce. To make matters worse, the prices of food, fuel, and electricity (just

to name a few) have skyrocketed, making it almost impossible for the locals to survive.

And while shelves in other parts of the world are slowly but surely being restocked, sadly, that doesn't seem to be happening quite as quickly on this side of the world. While the plight of the poor (studies show that nearly 1.2 billion children have plunged deeper into poverty since the pandemic hit earlier this

year) continues, there exists an even more essential need - the need to preach the Gospel to starving souls.

The fields are ready for planting. Many are much more receptive to the Gospel during this time, since they are coming to terms with the frailty of life. So much so, that last Sunday we had the amazing privilege of witnessing

six of the girls from the Lifesong boarding home give their lives to Jesus!!

## JESUS - THE BREAD OF LIFE AND LIVING WATER

Thankfully, the schools have reopened which will help with getting the kids off of the streets and back within the safe walls of Lifesong Harmony School. But, while reading this you might be asking yourself, **HOW CAN I HELP?**

### 1. PRAYER

- By continuing to pray for Lifesong and the ministry

at large, we believe that our faithful Father will continue to bless and sustain all those entrusted to our care on this side of the world.

- Please pray that more souls would come to the saving power and knowledge of the Lord Jesus Christ. That they would surrender their lives to the ultimate sustainer of life - the Bread of Life, and the fountain of Living Water - John 6:35

### 2. PRAYERFULLY CONSIDER SUPPORTING A CHILD THROUGH SPONSORSHIP

When you partner with us in sponsoring a child, you can rest assured that 100% of your donation will go to taking care of both the physical and spiritual needs of a child.

### IN OTHER NEWS

We are pleased to announce that with the help of a donor from back home, we have managed to install two new wells within the Chipata Compound! Dennis arranged to have this done while we were still back in Canada. This past Sunday, we went to see the wells and watched with humble hearts as the women from the community were coming to draw clean water! This reminded us of the Samaritan woman whom Jesus said would never thirst again if she believed in Him!

In light of the profound challenges of 2020, we would be remiss to not mention the blessings that have come out of it. We have seen the faithfulness of God, as donors continue to provide for our students and staff at Lifesong, even though the donors themselves have faced unprecedented hardship throughout this past year.

In conclusion, thank you for working diligently to try and help alleviate the suffering of the poor in Zambia, Africa. The Lord bless you for caring for children who cannot care for themselves. James 1:27

The Delics

[dennis.delic@lifesongfororphans.org](mailto:dennis.delic@lifesongfororphans.org)

# Canaan Land Ministries

(Brazil)

*But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you. Matthew 6:33*

Dear Brothers and Sisters,

Thanks for taking the time to learn more about the work at CLM. We are thankful for God's constant faithfulness and provision.

## Update on Children Who Left Recently

In the last issue of the Newsletter, we reported that Mirian was about to leave CLM, having regained custody of her baby, Abymael. She did move into her own apartment in Guarapuava and soon found a job with our help. In October, the judge determined she could have her two older daughters back, as well! There was great rejoicing at CLM when we heard the news! The family is reunited and doing well. Mirian has expressed much gratefulness for all the help she received here at CLM.

Patricia also left CLM in August, two months before her 19<sup>th</sup> birthday. She went to live with her parents and at first, was not doing well. After about two months, she requested that we help her find a job. We were able to help her find a youth apprenticeship position at a factory. She works on the production line and is enjoying it so far.

The three brothers (Lucas, Joao, Kauan), who were having visits for a possible adoption, went to live with their new parents at the beginning of August, too. We recently visited them, and they are adapting well to their new family.

## New Kids

In August, Wesllen (13) arrived. He had been with a foster family in Guarapuava and has shown some difficulty getting used to the limits at CLM.

Please pray for his continued adaptation and healing of his traumas. He is having visits

with his mother for a possible return.

In September, we welcomed Miguel (10) and Mateus (7). They had been living with adoptive parents for almost 4 years, but the family decided not to keep them. This is an incredibly sad event and leaves them with one more trauma to overcome. Pray that God will give us wisdom to work in their lives and provide another adoptive family for

them.

## Pray for More Caregivers

In March 2020, Fernando and Monica came to CLM as caregivers. They worked until August 2020, when they decided (along with the board), that CLM was not a good fit for them.

Evanildo and Eliana worked at CLM for a year and a half. During this period, we had several problems with them, both in character and difficulty in fulfilling work obligations. Several times we were close to dismissing them; however, because we understand that we are a ministry, we kept deciding to give them one more chance. In September, the situation became unsustainable, and we had to ask them to leave.

With the two couples leaving, we've tried a few different strategies to cover days off. Wal is currently covering them, instead of working full-time with the children's schooling. We are actively searching for dedicated, Godly couples that can commit their time to caring for vulnerable children. Please pray that God will bring us the right people, in His perfect timing.

## Children's Day

Children's Day, celebrated on October 12<sup>th</sup>, is one of the most important days each year at CLM. On this day, we have the privilege of showing the children and teens the value they have in God's sight. We give them the opportunity to reclaim a little of the joy of childhood that they lost due to the difficult situations they experienced.

The day started early with the arrival of an inflatable slide, mechanical bull, trampolines, and a ball pit. Then the fun began! In the middle of the morning, we received a visit from members of the Rotary Club, who blessed each kid with a special gift.

Team members prepared a special lunch of grilled hamburgers. They were delicious, with the addition of cheese, tomato, and pickles! Everyone ate their fill!

After lunch, the kids went back to playing- in and out of the water. Mid-afternoon, we took a break to give them the presents we received from numerous donors. Afterward, there were ice cream cones for all!
